Help Reunite El Segundo Family After ICE Raid

Donate now!

On October 17th, an El Segundo resident (whom we are referring to as “AJ”) was detained by ICE as he sat in his truck in the parking lot of a Home Depot in Inglewood. AJ is married to Carmen, an American citizen who has lived in El Segundo for over 20 years and whom many in the community know from her 35 years at the Post Office and from her years working at the former Rite Aid in town.

AJ had a Green Card application in process at the time he was detained. He is currently being held in Calexico, 220 miles away. AJ is diabetic and requires a special diet and prescribed medication, which he has not been given. There are grave concerns for his health.

We are seeking help for his immediate needs: funds for mounting legal fees and for the travel costs Carmen faces as she attends hearings and advocates for him.

El Segundo is at its best when we show up for neighbors in need, and right now this family really needs our help. Please donate what you can, and please share far and wide.
